

Annex A (normative)

Item registration request form

This template is for an applicant to request the registration of an item and assignment of an identifier value in one of the registers maintained on the Registered ITS Items (RITSI) website. Applicants shall complete all fields marked with an asterisk (*) and shall also complete all fields for special attributes associated with the register as defined by the RITSI website. Completed forms shall be submitted to the Maintenance agency Secretariat.

Type of item to register: _____ (Name of an item class/register on the RITSI website)
